**CONRAD MALDIVES RANGALI ISLAND UNVEILS UNDERSEA ACADEMY
FOR YOUNG OCEAN EXPLORERS**

Inspiring the next generation of ocean guardians with interactive learning and exploration.

MALDIVES – December 2023 – Conrad Maldives Rangali Island is delighted to introduce the Undersea Academy, a new three-day educational journey for children aged 5-12. The program is an exciting blend of learning and fun, designed to spark a love for the ocean among the young travelers.

The journey begins with the unveiling of oceanic wonders, where the first day features an engaging Marine Biology talk at the resort's kids club, Majaa Explorers Hub and a mesmerizing visit to the world's first Lthaa Undersea Restaurant, offering a glimpse into the aquatic world as the children descend five meters below the sea and discover a variety of fish swimming overhead the 180 degree acrylic dome. The adventure continues on the second day with a glass bottom boat tour. This thrilling marine expedition brings the mysteries of the deep to life, providing an up-close view of the vibrant sea life. The final day will see the young explorers put their learnings to the test in a fun and interactive session, finishing with a graduation ceremony to honor their newfound knowledge and passion for the marine world.

The Undersea Academy exemplifies the resort's dedication to environmental education and conservation, designed to ignite passion for the new generation of ocean enthusiasts. This program presents the thrill of exploration with the delight of learning, all set against the breathtaking backdrop of the Maldives. Offered at US\$150++ per child, the program runs from Monday to Wednesday at Majaa Explorers Hub until 28th February 2024. This enriching three-day experience promises to be an enriching journey into one of the world's most exquisite locations for sea life.

Outside of the new academy, the family-friendly resort invites younger Conrad Maldives guests on further adventures, from taking part in sports and games, arts and crafts, culinary workshops, snorkelling trips and even enrol in the bubble maker class where kids get familiar with the basics of scuba diving. The resort's Marine Biologists also holds regular talks about its coral adoption program offering the chance for younger guests to learn about the importance of corals in the ocean's ecosystem.

Conrad Maldives Rangali Island features one and two bedroom spacious beach and water villas perfect for families or for the ultimate indulgence, The MURAKA – the world's first underwater residence. The Muraka is a unique three-bedroom, two-level residence with a master bedroom submerged over 16 feet below sea level. Above water, the residence offers living and dining areas with two bedrooms and a bathroom with an ocean-facing tub, an outdoor deck, infinity pool, and a private 24-hour butler. Down the spiral staircase or elevator guests will be greeted by the private underwater aquarium and architectural masterpiece. With a 180-degree curved acrylic dome, the master bedroom has floor-to-ceiling windows in the bathroom and walk-in closet, and a dedicated tunnel viewing theatre.

Conrad Maldives Rangali Island is part of [Hilton Honors®](#), the award-winning guest loyalty program for Hilton's 22 world-class brands. Hilton Honors members who book directly through preferred Hilton channels have access to instant benefits, including a flexible payment slider that allows members to choose nearly any combination of Points and money to book a stay, an exclusive member discount that can't be found anywhere else and free standard WiFi. Members also have access to contactless technology exclusively through the industry-leading Hilton Honors mobile app, where Hilton Honors members can check-in, choose their room and access their room using Digital Key.
